

Helpful Hints . . .

- Products with a red diamond in the brochure are the pre-selected best selling items that will be included with your order. These pre-selected items are shown with a black ♦ symbol on this Customer Selection Form/Price List.
- You are not required to have all of the cost groups in your program. In the lower right hand corner of the Customer Selection Form, you may indicate the price range you would like us to send “over \$_____” or “under \$_____” or simply draw an “x” over the cost groups not to send. We will not include any pre-selected items from outside the cost range you indicate. You could even hold a \$1.00 -\$2.00 gift shop if desired.
- We determine quantities of each gift item to send based on several factors: your sales history or number of participating students or the total selling days or hours. Of course there is nothing like hearing it firsthand with your input and suggestions.
- Return your Customer Selection Form and Program Agreement to us via mail, fax, or email at your earliest convenience. If you are new to KidSmart, we would appreciate any past sales information you may have, as well as any additional “coaching” you can provide us with to better determine the product quantities needed for your shoppe.

For change making purposes, we have kept the selling pricing in increments of 25¢, so you will only need quarters and bills to make change.

Price code labels are visible near the bar code on the packaging of each item. Price codes may appear as a small round sticker with the number printed on it or on a small KidSmart logo sticker with the price code # below the logo.
